

1997-06 JEEP TJ WRANGLER HOOD MOUNT BRACKET SET FOR 20" KC LED BAR: #73420

Thank you for purchasing KC HiLiTES products; your satisfaction is very important to us. If you have any questions regarding this product or any other KC HiLiTES products, please contact us at (888) 689-5955 or visit kchilites.com.

Parts Included:

- (2) Mounting Brackets (Passenger + Driver Side)
- (4) M8-1.25 Hex Bolts - Black Zinc
- (4) M8 Flat Washers - Black Zinc

Tools Needed:

- T50 Torx Socket
- 13mm Socket

1. Locate the (3) Torx bolts that attach the hinge to the hood. Using the T50 Torx socket, remove the (3) bolts from either the drive or passenger side. (Figure 1)
2. Now place the mounting bracket directly on top of the hood hinge and attach using supplied hardware. Start by sliding a flat washer onto the M8 bolt and loosely thread into the hood hinge. Continue this for the (2) remaining threaded holes.

Figure 1

Repeat Steps 1-2 for other side.

4. Mount your KC LED Light Bar to the brackets and lightly snug the side mounting bolts. Finish tightening the bracket mounting bolts, aim your LED light and then complete tightening down your light bar. Enjoy!
